

3 to 5-Day Whitehorse Aurora Tour Package

Whitehorse is the northernmost city in Canada and the capital of Yukon. Close to the Arctic Circle, it is one of the best places to view the aurora. Although the latitude is a little lower than the famous North American aurora viewing site - Yellowknife, the probability of seeing the aurora is even slightly higher. When the aurora reaches a certain intensity, the entire Whitehorse will be enveloped by the colorful aurora borealis.
